No 2, Year 30

December 2024

AND THEY SHALL CALL HIS NAME  
**IMMANUEL,**  
WHICH IS TRANSLATED,  
**GOD WITH US**

MATTHEW 1:23

Shouts of joy to you all from our entire tribe here in Living Waters Village located in the heart of Borneo. Our humble apologies for this late December issue and for only producing 2 newsletters this year. This is due to a very busy year with lots of growth and challenges, but all Glory to God who has helped us, sustained us, protected us, comforted us, guided us and blessed us all throughout the year. Without Him we would absolutely not have been able to achieve what has been achieved. We always stand in awe at the end of each year when we look back and see all the lives that have been saved and changed, and what has been completed yet again. We could never thank the Lord enough for all that He has done but also, we can't thank all of you enough for blessing us with prayers and financial gifts throughout the year. A huge thank you to all of you on behalf of everyone here in our village.

*Oh, that we may know the Lord! Let us press on to know Him. He will respond to us as surely as the dawn or the coming of rains in every spring.* Hosea 6:3

Some of our boys learning the Word of the Lord together.

These last 12 months has seen our world plagued with numerous new wars on top of all the other wars that have already been raging for a number of years, as well as many devastating natural disasters ravishing on many continents killing untold tens of thousands of people and displacing millions. On top of that corrupt and woke governments and companies have inflicted unprecedented pain on populations in many nations. No

wonder people are saying "the world seems to be spinning out of control" and are losing all hope. Yet despite all these horrid happenings we need to keep trusting in God. He did warn us that these things would take place, in fact they will get a lot worse because of people's greed for power, intense hatred, corruption, jealousy, lust etc. But we are to keep trusting in God not only in good times but also in difficult times. He has promised in His Word, "It is the Lord who goes before you; He will not leave you or forsake you. Do not fear or be dismayed"

Deuteronomy 31:8. Hence embrace Him today if you don't know Him yet. He desires us to walk and talk with Him each new day. Although our village here in the jungle is relatively guarded from the outside world, our children, youth and adults are very aware of all that happens around the world and pray each day for those affected nations, people groups and individuals for God to intervene and bring healing, peace, repentance and forgiveness to their lives. Only Jesus can offer this to every human being. Hence, we are to keep putting our trust in Him.

**Jesus means “the Lord saves.” Jesus came to earth to save us because we can’t save ourselves from sin and its consequences. No matter how good we are, we can’t eliminate the sinful nature present in all of us. Only Jesus can do that. Jesus didn’t come to help people save themselves; He came to be their Savior from the power and penalty of sin. Thank Christ for His death on the cross for your sin, and then ask Him to take control of your life. Your new life begins at that moment.**

Some of our new children showing off our new truck.

#### **LIVING WATERS VILLAGE FAMILY NEWS:**

Our family here is growing by the day. A number of babies have been born again in the last 6 months. Our Nofi gave birth to a beautiful son which Nofi and Lazarous named Samuel. Our Rosi gave birth to a beautiful daughter which Rosi & Paul named Chloe. Our Wiwit gave birth to a handsome baby boy which Wiwit & Otorio named Andrew. Our Senoy gave birth to a handsome boy which Senoy & Kardi named Halvino. All mums and babies are doing well and so too all the dads. What a blessing again from the Lord to receive such bundles of joy to care for.

Throughout the year 139 new children and youth have arrived in our village and as usual a number of our youth have left our village after they finished high school. Most of them end in the workforce somewhere and some go back to their villages. It is wonderful to see that while they were brought up here in our village, in a warm, safe and loving environment, and learning to live a disciplined life, a lot of them have embraced the Lord as their personal Lord & Savior. Their testimonies reveal how Jesus has impacted them and helped them to enjoy a relationship with Him and prepare them for the future. Please pray with us that all of them will remain faithful to the Lord and guard themselves in a world full of temptations and that they remain a light in this world, a world that so desperately needs Jesus.

Our Andrew

Our Samuel

Our Chloe

Our Halvino

Our Henk.

*If you sometimes doubt your salvation, the forgiveness of your sins, or God’s work in your life, look at the evidence in Scripture and the changes in your life. When you doubt, don’t turn away from Christ, turn to Him.*

We have been greatly blessed with a few new young long-term missionaries who have joined us in the last few months. Henk from Holland who came last year on a short-term visit, believed the Lord called him to come back as a long-term missionary. Also, a young couple Ryan and Hannah from the UK believe God has called them to come over as long-term missionaries. Hannah has already been a few times in the past and Ryan once

Our Hannah & Ryan.

before with Hannah. All three are great young people who have surrendered their lives to the Lord and just want to obey Him by using their talents and gifts to serve Him. Please pray with us for these wonderful young people that they will adjust well in their new surroundings, culture, language, food, humid weather etc and enjoy serving God here and be fulfilled in what they do every day.

NEVER FORGET  
WHO YOU ARE  
IN JESUS

*Many countries today place their confidence in military strength, strong defences, and economic stability but because of their inner moral decay, their apparent sources of strength are inadequate.*

*There is a tendency in many nations toward removing all traces of God in their daily life. But if a nation forgets its Maker, its strength may prove worthless when put to the test.*

A number of our university students have recently graduated and are back here in our village serving the Lord. Our Juanti and Melki have both graduated with a Theology degree. Our Cici and Nopi graduated with an English degree and our Siska finished her music/praise & worship degree. Our Sumi graduated with an Indonesian Language degree and our Krisna graduated with an economics degree. Our Rani graduated with a daycare/kindergarten degree. Our Sumarno graduated with a nursing degree and last but not least our Yakob graduated with a Theology degree. We are super proud of their achievements and thank the Lord immensely and many of you who have been sponsoring them for years, for giving them the opportunity to become what they believe the Lord wants them to do. They are ever so grateful and so are we.

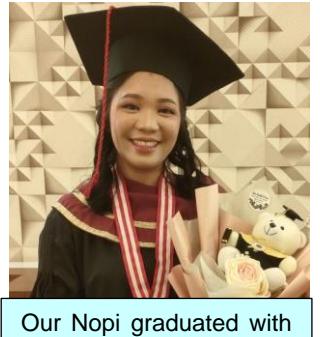

Our Siska graduated in music/praise & worship.

Our Krisna graduated with an economics degree.

Our Rani graduated in daycare/kindergarten

Our Nopi graduated with an English degree.

Our Yakob graduated with a Theology degree.

Our Melki graduated with a Theology degree.

Our Cici graduated with an English degree.

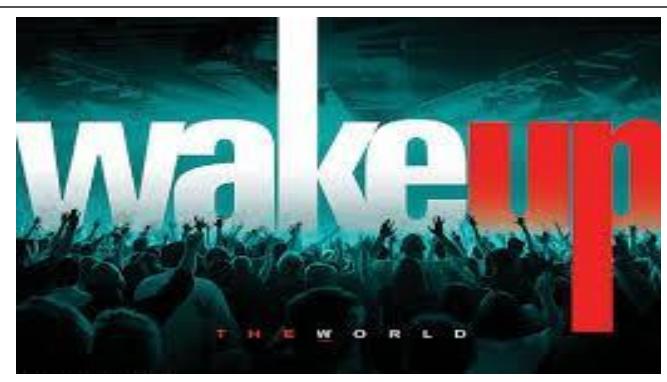

Our Sumi graduated in Indonesian language.

Our Juanti graduated with a Theology degree.

Our Sumarno graduated with a nursing degree.

**O people, the Lord has told you what is good, and this is what He requires of you; to do what is right, to love mercy, and walk humbly with your God. Fear the Lord if you are wise. Micah 6-7a.**

# We wish you a Blessed Christmas!

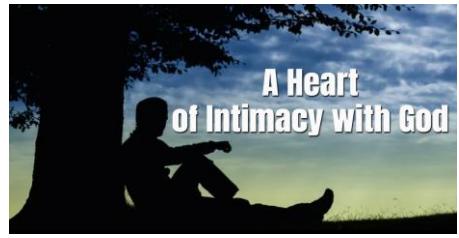

Church-planters from various denominations enjoying worshipping together (above) and eating together (below).

In November we had our annual Church-planters/pastors Fellowship where a few hundred "heroes of the Faith" from various denominations gathered together from remote regions to enjoy a 3d/4n time of fellowship here in our village. Mornings were filled with prayer & worship, God's Word, testimonies and prayer. Afternoons were filled with activities in sports and drinking lots of coffee and tea and evenings were filled with praise & worship and God's Word. Everyone was thoroughly blessed, inspired, encouraged, and ministered to and filled with new vigor to take on the coming years challenges in proclaiming Christ to the many tribes deep in the jungles here still deeply entrenched in the occult. We thank the Lord immensely for an inspiring, anointed and successful fellowship and thank all those people who contributed financially to this very important aspect of our ministry. We give each church-planter transport money to come to our fellowship. Without this blessing they would simply not be able to come.

**When our will is weak, when our thinking is confused, and when our conscience is burdened with a load of guilt, we must remember that God cares for us continually; His love knows no bounds. When friends and family desert us, when coworkers don't understand us, and when we are tired of being good, God's love knows no bounds. When we can't see the way or seem to hear God's voice, and when we lack courage to go on, God's love knows no bounds. When our shortcomings and our awareness of our sins overcome us, God's love knows no bounds.**

**Past good deeds will not save a person who decides to turn to a life of sin. Some people think that if they do enough good deeds, they can hold on to the sins they don't want to give up. But it's useless to try to be good in some areas so that you can be deliberately bad in others. God wants wholehearted love and obedience.**

Dentist Dr Toni getting ready to start dental treatment on our Christine.

Our Atiska & Bella having learnt from the dental team how to use the dental cleaning equipment so that the dentists could focus on extractions and fillings. Even after the dentists had gone home Bella and Atiska continued with checking new children's teeth and cleaning them.

### Amazing Dental Team:

We had the wonderful privilege of receiving a few dentists from Australia recently who came over and have done an incredible job in our dental clinic. Dr. Toni, who comes almost every year volunteering her services together with a few other fantastic dentists and helpers to do all the dental work that needs to be done on all our children, youth and even adults. A number of our local nurses and medical people helped as well and they got to learn a lot of new skills from these fabulous professional volunteers. Together they did an amazing 960 check-ups, 166 extractions and 415 fillings all in a matter of 4 weeks. Absolutely fantastic. We are still hoping that some of our young people here want to learn to become a dentist and desire to serve the Lord here in our village. So far no takers yet.

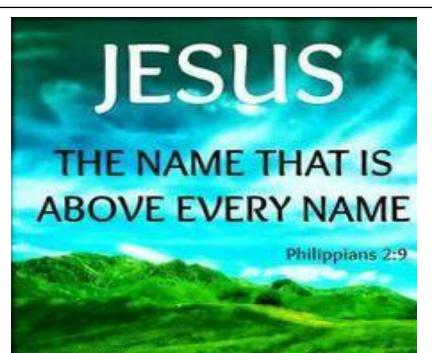

All our schools participated in scouts/cubs weekend. A wonderful tool to teach children a lot of social and survival skills. What a blessing to have our own jungle with river. They all enjoyed their weekend immensely.

Our very first primary school computer room already in full use. We will need to organise another computer class room very soon.

Our Primary school children finally having the opportunity to learn how to use a computer. In an ever-changing world it's vitally important that our students keep up academically with various methods of learning. It is not our intention though to now switch traditional learning methods with a computer driven method but to have a healthy balance of education methods. A huge thank you to those who have helped to make this computer room possible.

**When life is going well, we tend to take God for granted; but when we lose hope, we cry out to Him. This kind of relationship with God can result only in an inconsistent, up-and-down spiritual life. A consistent, daily commitment to God promotes a solid relationship with Him. Look to God during both the good and bad times, and you will have a stronger spiritual life.**

When we don't know Christ, we make choices as though there were no afterlife. In reality, this life is just the introduction to eternity. How we live this brief span determines our eternal state. What we accumulate on earth has no value in gaining eternal life. Even the highest social or civic honours cannot earn us entrance into heaven. Evaluate your lifestyle from an eternal perspective, and you will find your values and decisions changing.

### Children Safety Seminar:

We have just completed a 2 week "Kidsreach" seminar with Dr. Rev David Goodwin from Australia (founder of Kidsreach Inc). Kidsreach offers training and resources for those who work with children and are committed to preventing child abuse and providing help for children with emotional, sexual, spiritual and physical hurts. This is the second time that Dr Rev David has been here to do a seminar and most of our leaders, teachers and house parents who have participated in these seminars have gained a tremendous amount of knowledge and practical ways to help and deal with many difficult children's issues. A lot of our children come from broken homes and/or places where they have been emotionally and sexually abused. Others come from horrific occultic villages where they had to perform ghastly rituals for the witchdoctor. These seminars have equipped our people with many resources and ideas on how to help our children and youth, and how to keep them safe in a world full of temptations. A huge thank you to Dr David and his translator from Jakarta, Ibu Vernny. They have done an incredible job blessing our people here.

A number of our leaders and house parents who participated in the Kidsreach seminar.

Each morning for two weeks learning a lot of knowledge and practical ways to help deal with difficult children's issues.

### Blessed

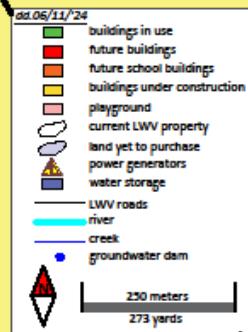

are those who have not seen and yet have believed.

John 20:29

One of our many small groups from our "Children's Church" who eagerly learn from various of our young people with a passion for God, what the Bible says how we can have a wonderful relationship with God.

Well over 900 Christmas presents ready for our Christmas celebrations. Our Wendy & team always do a fabulous job making sure everyone receives a gift.

**God sees in you what you can't see in yourself. You are a child of God. YOU ARE AMAZING!**

BLESSED LIFE

**Many people regard church as entertainment. They enjoy the music, the people, and the activities, but they don't take the messages to heart. They are apathetic toward serving the Lord. Have you reduced church services to the level of entertainment, or does your worship truly have an impact on your life? Listen to God's words and then obey, apply His words and put them into practice in your life.**

A team of our young people helping with bucketing cement to the top floor and having fun doing it. No modern equipment here to do that.

Ready to pull the large water tanks to the various floors. Everything done manual but praise God the job gets done.

### **Building Progress:**

Our numerous building projects are being built full-steam-ahead. Sometimes I wonder if we haven't started a little too much at the same time but then again there is so much that is urgent as the village just keeps on growing with more and more children and youth arriving. We have just completed another water tower which provides spring water to a new area with a number of new children's homes. Two massive underground water tanks have been built also to catch rainwater for drinking for those new homes. A new Generator shed was completed to house the two new Japanese (Denyo) generators which we just received recently. What an incredible blessing these machines are. These two machines were made possible thanks to a lovely sister in the Lord from Singapore and a few other people around the world. A huge thank you to you all.

One of our massive partially underground water tanks which catches rain water from roofs of various buildings. This is our drinking water.

The arrival of one of our new generators from Japan. Thankfully we have an excavator on hand to unload this heavy machine.

**Beneath attractive facades sometimes lie seduction and death. Don't let an institution, company, movement, or person seduce you into lowering your standards or compromising your moral principles.**

One of our two new generators which generate 125 KVA. These incredible machines are a wonderful gift from a few people around the world.

Starting with a new section of a six-meter-wide road with all its drains and retaining walls which for us is a huge task.

We have commenced with concreting another section of road between Benjamin's House and our High School. It's about 1½ km in length and is a huge job with km's of large gutters to be built as well as storm water drains for the torrential downpours we regularly experience here in the tropics. Once this road has been completed, we can start building our Bible College. A vast area has been set aside for this project which has already been levelled. Our Bible College is currently facilitated in one of our High School buildings.

**It seems as though the more God gives, the more we spend. We want bigger houses, better cars, and finer clothes. But the finest things the world offers often line the pathway to destruction. As we prosper, consider where our money is going. Is it being used for God's purposes, or are we consuming it all on ourselves?**

Our house next to the river named Joshua house. Our Yanto & Sumi with their two children are overseeing the area there and doing a great job.

Our old water pump station at our river has been renovated and modified into a home for one of our families for the very purpose to oversee the security of our dredging equipment which is used to dredge sand out of the river for our concrete plant. In the past people from other villages would come during the night, dismantle parts of the dredge engine and steal them. The river is one of our borders hence easy for people to come and steal things. Now with a security home right next door to the dredging equipment with a huge flood light shining on it, thieves are deterred from coming over. This house we have named "Joshua House".

**We may feel as though we are disqualified from serving God because of past mistakes. But serving God is not an earned position. No one qualifies for God's service, but God still asks us to carry out His work. We may yet have another chance.**

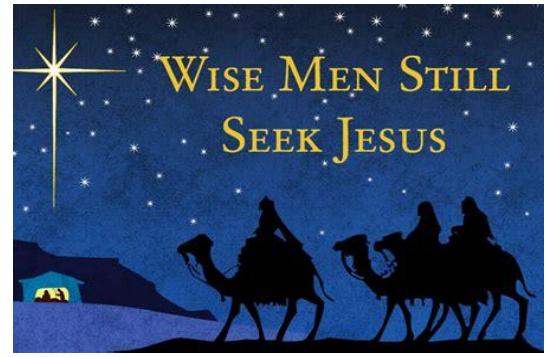

Our reconditioned dredging equipment which sucks up all the river sand for our concrete plant.

River sand being heaped up in one location which is then hauled to our concrete plant where together with gravel and cement concrete is made for our various projects.

**When we don't know Christ, we make choices as though there were no afterlife. In reality, this life is just the introduction to eternity. How we live this brief span determines our eternal state. What we accumulate on earth has no value in gaining eternal life. Even the highest social or civic honors cannot earn us entrance into heaven. Evaluate your lifestyle from an eternal perspective, and you will find your values and decisions changing.**

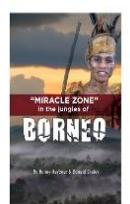

Children's homes Dina, Levi & Ruben finally occupied with lots of children and youth. Such a miracle again to be entrusted with these wonderful gifts.

We have been blessed with the arrival of a new small truck which we urgently needed due to the many projects we are building at the same time. Another similar small truck has been ordered as more funds for these trucks have come in which is fantastic and such a blessing. We have also received eight new motorbikes of which five are for our church-planters who live in remote regions and three motorbikes for use in our village. Thank you to all those people who have contributed to these vital vehicles for the Lord's work here. Distances are huge here and motorbikes are a wonderful tool to get quickly to difficult, remote areas.

For donations and/or sponsorships please visit our website [www.livingwatersvillage.com](http://www.livingwatersvillage.com) under "sponsorship/giving" and click on your country for details.

Our book "Miracle Zone in the jungles of Borneo" is available now in many countries. Please visit our website to find out how you can order and purchase via the internet. Makes a great gift for anyone

**HAPPY BIRTHDAY  
JESUS**

Three new children's homes named Dina, Levi and Ruben are completed and already occupied with stacks of children and house parents. The houses are great and are a wonderful home for our children and youth who are living there now. A lot of hard work has gone into them. Many volunteers from around the world have been involved helping us in some way or form to get these homes ready together with a lot of our youth and workers we employ from outside. The opening of these houses has alleviated the pressure on our training centre which was a little overcrowded. More houses are being built which will hopefully be ready in a few months' time.

The foundations and floor of another massive underground water tank to catch all the rain water which is used for drinking in the various houses around that area. This will be our 14<sup>th</sup> underground water tank.

Our Prengky buying fuel for us in 220 litre drums from the local and only supplier. We purchase 20.000 litres this way each month. This is the only way to avoid being ripped off. Corruption is rife here.

**Frequently asked question:  
How do I leave something to LWV in my Will?**

It is best to contact your legal advisor, solicitor or the Public Trust Office or its equivalent in your own country, on how to do this.

Our ministry name:  
Rivers of Life Ministries Borneo.  
and/or Living Waters Village Borneo  
(Yayasan Sungai Kehidupan Borneo)

Have you recently moved and **NOT** let us know your new address and/or email address yet? Please email us on [ronnyheyboer@gmail.com](mailto:ronnyheyboer@gmail.com) to let us know your new address.  
Thank you in advance.

**With false teaching and loose morals comes a particularly destructive disease – the loss of true love for God and others. Sin cools your love for God and others by turning your focus on yourself. You cannot truly love if you think only of yourself.**

### **Postal address changes:**

Our ministry is located in the Indonesian part of Borneo but our Postal address is located in the Malaysian part of Borneo for the simple reason that the Malaysian postal services are a bit more reliable. We have a Post Box in Kuching, Malaysia already for years but have noticed that a number of parcels each year are sent back to the sender rather quickly for whatever reason which is such a waste of resources. Hence, we have decided to use the house address of one of our Malaysian ministry partners. We will still also use our P.O Box for perhaps a year or two to make sure the transition doesn't lose any mail. Hence our NEW Postal Address is:

**Living Waters Village.  
C/- 350Q LORONG HUP KEE 10P,  
KUCHING 93350, SARAWAK  
MALAYSIA.**

Please have all snail mail sent to this address instead of our P.O. Box. If you wish to send your sponsor child a card or letter then just add the child's name and number. Thank you much for your cooperation.

### **A gentle Warning:**

Regularly our youth, and sometimes our children, leave our village for all sorts of reasons. Either it's because they have finished school or someone from their family or tribe decides to take them back to their village or sometimes other reasons. None of our youth and children are ever allowed to have any contact details of their sponsor. This is to protect our children and the sponsors. However, sometimes when they leave, they seem to find their previous sponsors contact details through social media and start to communicate with them directly. Unfortunately, we have discovered a number of times that the children or youth, through pressure from their relatives or friends, ask for financial help towards medical help for someone, building materials for their home or church and all sorts of other things. Sometimes these requests are genuine and sometimes they are definitely not and the funds are used for something totally different. We would like to advice you not to give in to any of these requests as it often causes all sorts of problems for them, for you and even for us here.

Some sponsors have indicated that they would like to include our ministry "Living Waters Village or Rivers of Life Ministries Borneo" in their will which is wonderful and very welcome. Also, some sponsors would like to leave something in their will for their sponsored child/youth but this would cause major problems for us as a ministry here due to all sorts of legal and cultural issues. Hence, we would ask you **NOT** to leave anything in your will specifically for your sponsored child/youth but instead leave it to our ministry here so that we can help many children and youth in crisis. If you need more information or clarification, please do not hesitate to contact us.

A wonderful team of people in Holland helped us again with loading a container full of goods donated by many people. What a blessing. Thank you all.

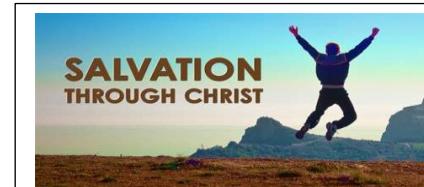

Our Pastor Mokthar and his wife Ijah ministering in one of the remote villages entrenched with idols. They do an awesome job reaching people for Christ.

### **Praise Points:**

- For all our new babies that have arrived safely.
- For another few springs that were found on some of our hills providing more beautiful clear clean fresh water. We now have 8 springs delivering us with a huge amount of water each day. What an incredible blessing.
- For our two fabulous new generators and our small pick-up truck.
- For finally receiving our Bible College accreditation from the Government.
- For all our young people who have graduated from university.
- For my (Ronny) successful cataract operations which will help my glaucoma condition.

**'Plant the good seeds of righteousness, and you will harvest a crop of love. Plow up the hard ground of your hearts, for now is the time to seek the Lord, that He may come and shower righteousness upon you.'**

Hosea 10:12

- For all the new children and youth that have arrived in the last 6 months. Many have come from remote tribes yet it's amazing to see how quickly they adjust to what seems to them a world full of incredible new discoveries.

- For all the wonderful volunteers who have come during the last few months to help us with whatever needed to be done. Some come for short term and others for longer term but all are a great blessing. The wonderful thing is that

all of them get doubly blessed in return and learn so much from God while they are here serving Him and often return home being so fulfilled in what they were allowed to do for the Lord. Awesome to hear some of their testimonies of their stay in our village.

### Prayer Points:

- Although we were very blessed with two new generators, we still need to order two more, but with a slightly bigger kilowatt capacity in order to service the many new buildings in progress that will be added to the training center region. Please pray with us that funds will arrive for these massive machines which should last us for the next 20 -30 years according to the manufacturer in Japan. Each 200 KVA generator will cost USD 114,400.-
- For another pick-up truck which will be changed into a passenger truck to transport people on the property and to the nearest towns. This will cost approximately USD 31,824.-
- For all our church-planters who live in remote regions and doing a marvelous task in shining for Jesus where they are placed, bringing a wonderful harvest of souls into God's Kingdom.
- For the remaining land still to be purchased in various places around our property as you can see on the map enclosed. These pieces of land are vital so that people now, and in the future, will not be able to dispute borders as our borders will then be almost all natural boundaries (roads, river & creek). Each hectare of property costs now approximately USD 3,009.- We still need to purchase around 30 hectares (App 80 acres).

**All of us here in our village thank you all immensely for your huge input in the lives of all our children and youth. You are a blessing. Thank you again. May our Lord Jesus Christ continue to bless you abundantly in all you do for Him. Ronny (in Borneo), (Kay in Australia) and all our children, youth and team at LWV.**

- For much wisdom to find solutions to the many challenges we face each day. The bigger our village becomes the more complicated everything gets re children's issues, tribal issues, government issues, workers issues, infrastructure & project issues, church-planting issues and much, much more.
- For continued favor with all government departments from Police, Army, Immigration, Customs, Education, Health and numerous others.
- For our Yolanda's continued health condition. Due to her prolonged kidney issues her heart has taken quite a beating each time which is taking a severe toll on her body. Please continue to pray with us for a wonderful miracle to take place in her body.
- For God's Word to continue to penetrate deep in the lives of our children, youth and us all here which

continues to change us to become more like Him.

- For funding to arrive for household affects for the 5 new children's homes to be completed in the next few months. We need to purchase beds, mattresses, sinks, tables, chairs, pumps, filters, electrical goods, washing machines, racks, desks, cutlery, kitchen utensils and a whole lot more.

The opening of our yearly tribal Dayak festivities to help our young people not to forget the good in their cultures.

*May the wonder of that first Christmas, the joy of God's abundant blessings and the peace of Jesus' presence be with you all, always.*

A big hug and a thank you from us all here in Living Waters Village Borneo.

**May God our Father and the Lord Jesus Christ give you grace and peace.**  
Rom 1:7b
